Federal Duck Stamp Set "Mottled Duck"

The U.S. Fish and Wildlife Service, Federal Duck Stamp Program, announced the issuance of its 13th version of the Federal Duck Stamp Souvenir Card. The 2000-2001 stamp design is a "mottled duck" poised to take off from a sun-dappled pond with warm wood tones enhancing the background. The winning artist of the Nation's only Federally sponsored art competition was Adam Grimm, a 21-year-old from Columbus, Ohio, and the youngest artist ever to win.

The Federal Duck Stamp Souvenir Card is presented in two formats: Mint with the 2000-2001 Duck Stamp in a separate glassine; and post office canceled with the 2000-2001 Duck Stamp affixed to the card. The first day of sale is July 3, 2000.

Sales from the Federal Duck Stamp Program are used to purchase and protect vital wetlands for waterfowl and several other wildlife species. Since 1934, millions of Duck Stamp dollars have contributed to preserving about four million acres of wetland habitat in the National Wildlife Refuge System.

Bureau of Engraving and Printing's
2001 Souvenir Card and Intaglio Print
Subscription Service Features
Treasury Face Notes

The Bureau of Engraving and Printing (BEP) participates in various numismatic and philatelic shows throughout the year. BEP creates souvenir cards to commemorate the majority of the shows it attends. These souvenir cards provide the general public with the opportunity to collect engravings of historic currency notes and stamps.

BEP is pleased to announce the 2001 souvenir card subscription services for mint, post office canceled souvenir cards and two intaglio prints. A post office cancelled (POC) souvenir card is a card that has been stamped and hand cancelled by the United States Postal Service (USPS). USPS uses the BEP Visitor's Center cancellation containing the date of the card's first day of sale. This year's cards will represent faces of the last four of the Treasury notes to be issued.

The 2001 souvenir cards are truly a very limited edition. In the past, BEP offered 4,300 mint and 2,700 POC cards. For the 2001 souvenir card program, BEP will only offer 3,000 titled mint cards, 1,500 titled POC cards and 1,000 untitled (no show name) mint cards. The untitled mint cards are new to this program and are not offered through subscription. Each untitled mint card will be offered on the first day of sale.

We guarantee that subscribers will receive every souvenir card included in the mint and/or post office cancelled subscription. BEP will mail each souvenir card and intaglio print after its first day of sale. A schedule is listed on the next page.

The Mail Order Sales Office will accept orders for subscription services while supplies last. Anyone who wishes to participate in one or both of the 2001 subscription services should complete the enclosed order form and return it with your payment. BEP will release announcements on individual cards throughout the year.

**The Bureau of Engraving and Printing's
2000 Savings Bond Card Will Go on Sale December 11**

On December 11 the Bureau of Engraving and Printing's (BEP) 2000 Savings Bond Card will go on sale to the public. The cards will remain on sale while supplies last. This card is not part of the 2000 and 2001 Souvenir Card Subscription Service. It was created as part of the Savings Bond program as an incentive for BEP employees.

SOUVENIR CARD

The souvenir card features a vignette "Peace" celebrating the end of a war, the peaceful end to conflict through past treaties and negotiations. Frederick Pauling, a picture engraver, began the engraving in December 1930 and continued the work in the first three months of 1931. Louis Bradford, another engraver, completed the work in August of 1940, Miscellaneous Die #12141.

PURCHASING INSTRUCTIONS

A mail order form is included. The Savings Bond Souvenir Card # 40114 is not included in the standard subscription orders. You may order two weeks before the first day of sale. You may also purchase the souvenir card at the Bureau of Engraving and Printing's Visitors Center in Washington, D.C. The Savings Bond Souvenir card may be purchased beginning December 11.

Souvenir Card featuring \$2 Treasury Note Face
Offered Florida United Numismatists Show

The Bureau of Engraving and Printing (BEP) will exhibit at the Florida United Numismatists (FUN) 46th Show, January 4-7, 2001, at the Orange County Convention/Civic Center, 9800 International Drive in Orlando, Florida.

The FUN SOUVENIR CARD

The card features the face of one of the last of the \$2 Treasury notes to be issued. The \$2 Treasury Note, also known as a Coin Note, was authorized by the Act of July 14, 1890 and was issued to pay for silver bullion purchased by the Treasury. Initially, larger denominations were issued, but the demand for smaller denominations caused the lower denomination notes to be rushed into circulation before they were dry. This led to complaints that the notes were apt to tear and peel after a brief time in circulation.

The face of this \$2 Treasury Note, Miscellaneous Die 3686, features a portrait of Union General James Birdseye McPherson. The die was completed in November 1890 by engravers George U. Rose, Jr., William H. Dougal, David M. Cooper, John R. Hill, Edward E. Myers, William G. Phillips, William A. Copenhaver, and Joseph A. Rueff.

EXHIBITS

The Bureau will feature more than a billion dollars of unique currency, Treasury bonds and gold and silver certificates. A technical expert on currency production will be available to answer questions.

PURCHASING INSTRUCTIONS

A mail order form for the FUN Souvenir card is included. The cards, #21201 mint and #21211 post office cancelled, are included in the standard subscription orders. The untitled card, #21205 mint is new to this program and is not offered through subscription. You may order either mint, cancelled, or untitled mint cards two weeks before the first day of sale. The cards may be purchased at the Bureau of Engraving and Printing's Visitors Center in Washington, D.C., starting January 4. Mint cards are available at the exhibit site. Over-the counter prices are \$5.00 for mint cards. The post office cancelled cards are \$5.35.

new century for all
Americans.

Two different engravers engraved the Statue "Penny" at two different times. Frederick Postell, a picture engraver, began the engraving in December 1920 and finished the work in the first three months of 1931. Louis Branstetter, another engraver, completed the work in February and August of 1936. Miscellaneous File Number 12461 was completed in August of 1940.

The figure of "penny" usually celebrates the end of a war, the result of good government or some quality of a nation. In most cases, she is depicted as the Virgin Mary. In the left hand, she is usually, clutching a scroll with a motto or motto. In her right hand, she is holding what appears to be a torch or a staff. This may symbolize the peaceful way to conflict through good will and negotiation.
